SHOW PHOTOGRAPHER

GENERAL INFORMATION

For the last two years, the Site Coordinator has also engaged the photographers. Agility people like someone who specializes in action photography, and some show photographers will do this, some won't. The contract for this should specify that we get a CD with all the photos and it should go to the club secretary or the SCO. Upon receipt, copies of the BOB and BOS photo should go to the webmaster to be put in the Standard section of the website. Other photos can be displayed if the webmaster wants, but ultimately, the CD and a marked catalog need to end up with the club historian

Good idea to check with several exhibitors in the area of the National – they will know who the good photographers are
