WELCOME PARTY

GENERAL INFORMATION

The Welcome Party is held on Tuesday evening. The Site Coordinator oversees the arrangements because the budget is somewhat flexible and is related to what the club needs to spend at the hotel to meet our financial obligations. Additional funds are available from the club itself, and this amount must be worked out with the treasurer

If there is a local club or group of fanciers in the area, they should be approached for help with this event. They can suggest themes, activities, entertainment, etc. The hotel will supply food and non-alcoholic beverages, and there is a cash bar. This event has been very well attended for the last few years, and the themes and venues are very flexible depending on the facility. We've had it poolside, in large rooms, as well as a hotel bar. We've had DJs, bands, or just a get together. Food is generally of the appetizer sort

The theme of the welcome party may be indicative of the area – Western, Harley-Davidson, Clam-Bake

The Ways & Means committee begins its sales and pick up of it's presold items and Exhibitor Hospitality passes out their packets

The party starts fairly early, depending on the schedule of the day's events—between 6 & 7. It should end around 10 or 11 at the latest

The Show Committee will assist the Ways & Means with packing up
